

Healthplex- World Class Facility

St. Clair College is looking forward to adding two state-of-the-art fitness, athletics and recreation facilities to both the Windsor and Chatham campuses. The \$23 million campaign is an important part of the campuses community development

Construction of Thames Healthplex

plan. The facility will enhance St. Clair's image as a world-class post secondary educational institution. This will further assist the community in attracting new residents to the area and help the college recruit new students. It will also create a long-awaited academic and recreational space to support healthy and balanced lifestyles. In addition, it will provide expanded opportunities for the academic, athletic, recreation and extra-curricular programs for our students. Chatham's Healthplex construction is well on its way. Please consider your participation in donating to these worthwhile campaigns. Contact the St. Clair College Foundation office at 519-972-2727 extension 4746 for details on how you can help.

Centre for Health Sciences Opening September 2011

By March 2011 St. Clair College will be finished construction of a brand new Health Sciences Centre. The \$32 million structure is located at the main

Construction of new Centre for Health Sciences

campus and will be the largest building project in the college's history. The three-storey building will house the collaborative and practical nursing, personal support worker, paramedic, Med Lab science, Med Lab technician, dental assisting, dental hygiene and pharmacy technician programs. Eventually new programs such as sonography, cardiovascular, forensic science, dental materials technician and central supply room technician will join them, pending Board of Governors and Ministry approval. The project received a \$16 million grant from both federal and Ontario governments.

Alumni Sponsor the Bluesfest

The St. Clair College Alumni's Association was thrilled to be a sponsor at the 2010 Windsor Bluesfest International. The event was held at the Riverfront Festival Plaza July 16 to 18 and featured both local and international

artists. This year the stage was graced by crowd favourites such as Foghat, Tab Benoit, Gord Downie and The Country of Miracles and Southside Johnny and the Asbury Jukes. The Bluesfest serves up a little taste of everything – not only with their diverse food selection, but the unique music styling of each performer. Those with Jazz tastes can find some influences in many blues acts. Rock fans can identify with the Texas-style blues. Delta/Dobro guitarists and singers are reminiscent of folk or early country artists. Cajun/Creole/Zydeco music mixes African, French and Acadian cultures. Bluesfest International began in 1995 and ranks in the top ten blues festivals in North America. I was great meeting our alumni at our alumni table.

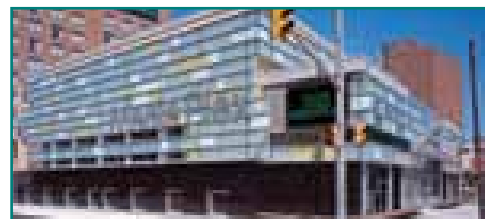

Record Enrolment

Once again, St. Clair College boasted a large number of students enrolling for the 2010-11 semesters. In September the college's total population of all campuses saw a 2 per cent increase to 8,337 students compared to last year's 8,204. Last year St. Clair recorded the largest enrolment increase for a college in Ontario with a 20 per cent increase from 2008. Significant jumps were seen in various skilled trade programs, early childhood education,

ST. CLAIR COLLEGE

children and youth worker and interior design programs. Including the journalism program, which doubled its first year enrolment numbers thanks to the new Mediaplex building that opened in September.

Alumni Community Events

Shores of Erie Wine Festival

This year's Shores of Erie Wine Festival prevailed once again despite some rainy weather conditions. Though the rain was pouring bottles of wine were too. St. Clair College Alumni's Association was pleased to sponsor the four-day event, which united thousands of wine enthusiasts.

This was the sixth annual festival on the beautiful banks of the Detroit River – Fort Malden National Historic Site of Canada in Amherstburg. Over 50 vendors participated serving local food and wine, cooking demonstrations and wine seminars –all complimented by continuous live entertainment.

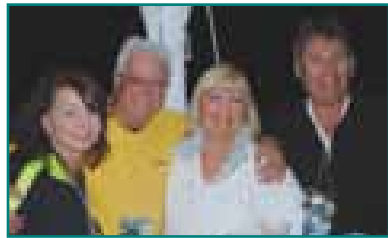

Local musician Pat Robitaille opened the festival Sept. 9 and was followed by fellow Canadians Steven Page and Sloan.

Thanks to all the alumni who stopped by our booth to say hello.

“Barenaked” Thanksgiving

In the tradition of past open air concerts at the St. Clair College Amphitheatre, the college hosted its first outdoor concert in more than 20 years.

On Saturday, October 9, St. Clair College hosted Barenaked Ladies for a very special benefit concert at the South Campus. The group performed many of their hits from their 6 top ten albums including “The Old Apartment”, “If I Had \$1,000,000”, and “One Week”. Local recording artist Jody Raffoul was the opening act for this memorable evening.

Thousand of fans gathered in corporate tents, lawn chairs and on blankets to enjoy the music from the big stage in the sports fields.

The event raised funds for state-of-the-art medical equipment to be utilized by students in the new St. Clair College Health Sciences Building which will open in 2011.

Watch the alumni website for information about another concert coming in 2011.

GREAT GIFT IDEA!

Raise-A-Reader

Over 40 per cent of adult Canadians have difficulty with basic skills such as reading and comprehension. The Postmedia Raise-a-Reader campaign was designed to increase awareness and raises money in support of family literacy programs throughout Canada – a campaign St. Clair College's

Alumni Association is proud to be a part of. The event was held in Windsor Sept. 29 and generated over \$66,000 for family literacy in our community.

The program relies on volunteers, sponsorships and donations to help provide the financial means and resources to support family literacy programs in Windsor and Essex County. This annual campaign is co-ordinated by our partners at The Windsor Star.

2010 Alumni of Distinction Awards

Dan Badour

Law & Security '89

Director of Intelligence and Field Support
Canadian Border Services Agency

While attending St. Clair College in the Law & Security program Dan was able to secure a summer position as a Customs Inspector which gave him the applied knowledge to help him finish his final year at the College and also launch his career.

Immediately following graduation Dan was hired as a full time Customs Inspector with the Windsor Tunnel and Bridge. Dan was soon promoted and spent the next 9 years of his career working in different capacities for the Canadian Border Services Agency. This included working closely with the RCMP and other Canadian enforcement agencies. Dan worked with these agencies in identifying smuggling routes of criminal organizations that were planning on trafficking contraband, illegal immigrants and other dangerous materials into Canada.

In 2001 Dan was promoted to Chief of Intelligence Operations for the Ambassador Bridge and shortly after that was promoted again as the District Director of the Ambassador Bridge and in 2009 became the District Director of the Tunnel. In these capacities Dan worked closely with Canadian enforcement agencies, Homeland Security and the US Customs and Immigration Services in the enforcement of high risk people and contraband, preventing their entry into Canada.

Dan is currently the Director of Intelligence and Field Support for the Canadian Border Services Agency. In this position he coordinates the intelligence activities of field and international operations for the delivery of the appropriate program to organizations and agencies involved in the entry of illegal immigrants and national security issues.

Dan was nominated for, and is the recipient of many Canadian Border Services Agency awards and has received multiple letters of commendation from U.S. and Canadian law enforcement organizations.

Dan is a family man, devoted to his wife, Kim, and their three children.

Errol Da-Re

Business Advertising '85

Executive Vice President, Sales
Canwest Broadcasting

Errol grew up in Windsor and like many Windsor residents, he loved the Tigers, Red Wings, Pistons, Lions, Wolverines and the Windsor Spitfires. This love of sports very clearly overlaps onto

his approach to business as he continually reinforces the ideas of teamwork and working together within the entire Broadcast Sales Group.

Errol studied at the University of Windsor and after graduation he then enrolled at St. Clair College where he earned his Business Advertising diploma in 1985.

Errol started with the Leo Burnett Advertising Agency as a part time employee while he was in his final semester of studies at St. Clair College. This then evolved into the start of Errol's career in the advertising industry. He moved to Toronto in the early 1980's to begin his new position with the Leo Burnett Advertising Agency as a media estimator and buyer.

After a few years at Burnett, Errol moved on to CBC to become a Marketing Analyst. From there he took a position as a Sales Representative for various stations including: CTV affiliates, independent stations, CityTV and the New VR. Errol moved to the CTV Television Network as an Account Executive.

When Baton Broadcasting merged with CTV, he was promoted to Group Director of National Sales as well as Group Director, Network Sales.

In 2001, Errol moved to Alliance Atlantis, where he was promoted to Executive Vice President in 2006. In 2007, Errol was promoted to Executive Vice President, Broadcast Sales, for both the Canwest and Alliance Atlantis networks and merged both sales teams into one after Canwest took over Alliance Atlantis. They broadcast a number of channels including the Food network, Showcase, IFC, Action, Mystery, History and National Geographic.

At the present time, he sits on the board of the Television Bureau of Canada (TVB) and the Broadcast Executive Society (BES).

Errol Da-Ré is married to Addie Gallop and they have two sons.

Debra Cooper Burger

Nursing '74

President and CEO
Unionville Home Society

Debra Cooper Burger has worked in the health care sector for more than 30 years. Her experience spans all areas of the industry, including acute care nursing in hospital settings, occupational health nursing, case management and administration services in community and home care settings, as well as health care labour relations.

Debra was educated at both the Salvation Army Grace Hospital School of Nursing and St. Clair College. She was a member of the first graduating class of nurses of St. Clair College after the Salvation Army School of Nursing closed.

Debra began her full time nursing career at Windsor's Grace Hospital. Debra is a Registered Nurse and holds a Master of Continuing Education degree from the University of Calgary. In 1981, she served as President of the Ontario Nurses Association.

Prior to moving to the Markham area, she was a member of the Central East LHIN Peterborough Collaborative; a panel member of the Peterborough Regional Health Centre Alternate Level of Care Assessment and Review; and a member of the Trent University Nursing Program Advisory Committee.

Debra is an active volunteer and serves on the College of Nurses of Ontario's Nursing Leadership Advisory Group. She has also served as Chair of the College Compensation and Appointment Council. She served two terms on the Board of Governors of Fleming College, including one term as Chair.

Since 2009, she has been the President and CEO of the Unionville Home Society in the York Region. The Unionville Home Society has become a leading senior's facility in Ontario. The Society provides a comprehensive range of quality care and special services to older adults and their families. Debra and her husband Michael have two sons.

John Kryk

Journalism '86

National Entertainment Editor
The Toronto Sun/Sun Media

John grew up in Windsor with the mindset to be an engineer, as his father had been. Realizing he also possessed a lively creative nature, he attended the University of Windsor and

applied himself to Communication Studies. After hearing about the Journalism courses offered at St. Clair College in his final year from his professor, he decided to make the move.

Once graduated from Journalism at St. Clair, John left Windsor to work as a sportswriter in Timmins. Sports would also be his main beat working in Sudbury and then he was off to Toronto to work for The Toronto Sun.

Now positioned to move up the ranks of The Sun and Sun Media, John took on the position of Associate Sports Editor until 1999. He then changed departments and began working on the entertainment side of The Toronto Sun as its Executive Entertainment Editor. In 2006, John became the National Entertainment Editor for all of Sun Media.

Along the way, John still yearned to do more as a writer so in 1994, he authored "Natural Enemies: The Notre Dame-Michigan Football Feud". Readers don't have to be Michigan or Notre Dame Football fans to enjoy this book. John does a riveting job of describing the history of one of U.S. College Football's greatest rivalries. and the famous personalities involved in it. John begins at the genesis: the very first game between the schools in the late 19th Century, and he recreates that era through an imaginative use of magazine and newspaper accounts of the time.

John has been an award winning journalist and design award recipient and enjoys being a husband to Melinda and father to his four children.

Billy Panagiotopoulos

Computer Systems Technology '08

IT and Network Administrator
Motor City Casino and Hotel

As one of our youngest honourees, Billy grew up loving computers during his high school days. Billy graduated from computer networking at St. Clair College winning the Student Leadership Award during his final year at St. Clair, only to go on to land what would turn out to be the job of his dreams.

Billy began his working career in 2008 when he joined the Information Technology team at Motor City Casino and Hotel in Detroit, Michigan. Motor City Casino is owned by Marion Illitch of the Illitch family who also owns Little Caesars Pizza, the Detroit Red Wings and the Detroit Tigers.

Billy began turning heads property-wide from the very beginning although he was fresh out of college. Today, Billy is the "go to" guy for virtually every IT related issue at the Motor City Hotel and Casino. He has the ability to troubleshoot all systems, using his resources with great diligence.

In June 2010, Billy won the Employee of the Year Award beating out over 3,000 employees at Motor City Casino Hotel. This honour spotlights his leadership abilities and the level of skill and the positive attitude he brings to work every day. Co-workers will acknowledge the respect he has earned and his upbeat demeanor that makes him easy to work with. Even when Billy is not working, he's always answering his phone, ready to help in any situation.

Billy sits on the Metro Detroit United Way and Helping Hand Committees and shares his success with his parents and brother.

Peter Quiring

Mechanical Product Design '91

Owner and President
Nature Fresh Farms

Peter was brought up on a farm in the Leamington area and worked hard to become a leading greenhouse operator in Canada. He fine tuned his skills after graduating from the Mechanical Product Design Program at St. Clair College in 1991 and Nature Fresh Farms was established by Peter in 2000. It is located on 150 acres of farmland at the corner of Hwy. 77 and Concession 7 in Leamington.

Nature Fresh Farms operates one of the most technologically advanced greenhouse complexes in all of North America. In doing so, it employs modern Dutch technologies in all-natural growing operations. The results are nutrient rich perfect peppers and cucumbers for the consumer market. The company's advanced technologies also enable it to incorporate environmentally friendly practices, making the operation 100 per cent recyclable.

For the fourth time in a decade, Nature Fresh Farms has achieved the opening of a new phase of operations. Completed in January 2010, Nature Fresh's Phase 4 adds another 31 growing acres to its 67 acre greenhouse complex, for a combined total of 98 growing acres.

Already the largest producer of Greenhouse bell peppers in North America, this new acreage of greenhouses focuses exclusively on producing Tomatoes on the Vine, Cluster Tomatoes and boasts a shipment of 3 million boxes of tomatoes and peppers combined to ship in 2010.

Nature Fresh Farms and its sister company, South Essex Fabricating, continue to lead the way in innovation, technology and distribution. As well, Nature Fresh Farms also participates in a major produce donation program for local food banks and for similar facilities across Ontario.

Peter has four children, two that work with him in the business.

Premier Awards

The St. Clair College Alumni Association was pleased to have five of their own honoured at the 2010 Premier Awards for Outstanding Colleges Graduates held at the Sheraton Centre Nov. 22. Among those honoured were our 2009 Alumni of Distinction, **Nick Brancaccio**, journalism graduate of 1981, who now works as a photojournalist for the Windsor Star.

Anita Harris, nursing graduate of 1975, who is now vice president of clinical affairs and chief privacy officer of Hotel-Dieu Grace Hospital. **Edward Marocko**, law and security graduate of 1989, who now serves as staff sergeant of the Leamington Police Services. **Edward Pillon**, mechanical engineering graduate of 1967, who is now fire chief of Essex and **Rocco Tullio**, business graduate of 1988, who is now chief executive officer and owner of Rock Developments. The Premier's Awards for Ontario College Graduates celebrate the outstanding contributions college graduates make to Ontario and throughout the world. Nominations are submitted from each of Ontario's 24 colleges in six categories: Business, Creative Arts and Design, Community Services, Health Sciences, Technology and Recent Graduate.

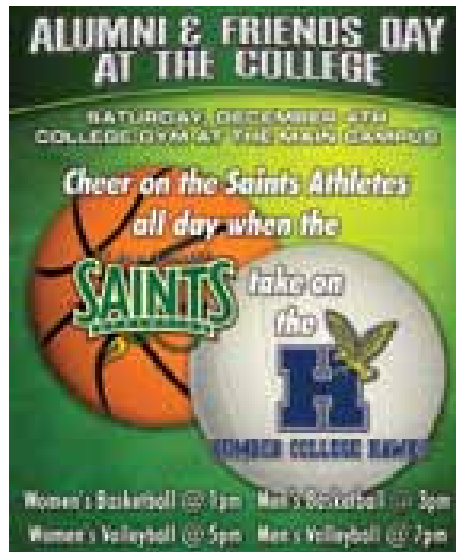

Rocco, Anita, Ed, Edward and Nick in Toronto

Varsity Day

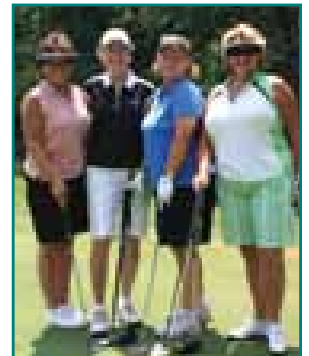

For the first year ever St. Clair College was pleased to hold a St. Clair Varsity Day.

The event was held Dec. 4 at St. Clair's south campus. The St. Clair Alumni Association came out to support St. Clair athletes – a first of many promising partnerships between the alumni and varsity teams. The alumni gave out free hot dogs, pop and chips along with free athletic swag. A series of basketball and volleyball games were held beginning at 1 p.m. There was also a chance for one lucky alumni member to win a 50 inch plasma TV.

Alumni Golf

The annual alumni golf tournament was held July 10 at the Kingsville Golf and Country Club. Over 128 golfers swung their clubs to raise money for this year's charity, the Windsor Spitfires' Children's Fund. Tee time began at noon followed by dinner and prizes given out at the clubhouse. Get your foursome ready to join us on July 23, 2011.

Trades and Technology Centre

Construction of a new trades and technology centre is well underway at St. Clair College's Thames Campus. The building will be constructed beside the existing campus and will be roughly the size of a National Hockey League ice rink at 18,000 square feet. The federal and provincial governments each contributed \$2.2 million. The building will house both existing and new programs such as power-line, sustainable energy, electrical and robotic technicians. There will also be construction and industrial electrician apprenticeship training programs offered in this new building as well. The building will be open for classes in September 2011.

Family Fun Day

Our 3rd Annual Family Fun Day, Sunday, August 22nd was a great success!

Approximately two thousand people came by the college to enjoy this one-of-a-kind Alumni & Friends event. We enjoyed the clowns, dog show, kids' activities, live entertainment, classic car show, barbecue, magicians, a meet & greet with some of the Windsor Spitfire Hockey Players, free swimming and Windsor's largest garage sale!

We will be hosting our 4th Annual Family Fun Day Sunday, August 21st, 2011.

WOIT Reunion

This year's Western Ontario Institute of Technology Reunion was held Oct. 15th and 16th at the St. Clair College South Campus. The organization of the reunion was a collaborative effort between the Retirees Association and St. Clair College. The WOIT was founded in 1958 and merged with St. Clair when the college was founded in 1966.

The reunion was a huge success as there were approximately 160 people in attendance over the two day event. A Welcome Reception on Friday evening was followed on Saturday by tours of the St. Clair Campus, golf and a great dinner and dance in the Hangar.

One of the highlights was the telephone tribute to former WOIT principal, Charlie Jackson who celebrated his 90th birthday that day. He spoke to us from his London home, after the WOIT assembly sang Happy Birthday during part of the reunion dinner and dance. Each alumni who attended also received a liri pipe presented by Dr. Stasser.

Johnson Insurance - Give The Gift of Safety

The air is crisp, stores are decorated in red and green and festive music is everywhere you go. The holiday season is just around the corner and you find yourself searching for the perfect gift items. Well search no more! This year, whether you're looking for something for yourself or someone else, consider a home safety item. Give the gift of safety and ensure your loved ones enjoy peace of mind all year long.

Fire Extinguisher – class ABC (multipurpose)	Automatic Light Timer	Emergency Chain Escape Ladder
