## GRADUATE EMPLOYMENT AND SATISFACTION SURVEY

For the 2009 reporting year, we are very pleased to present the success of our 2008 graduates. This report is prepared using data from the KPI (Key Performance Indicators) Graduate Employment and Satisfaction Survey. Surveys were conducted by Forum Research Inc., a research firm contracted by the Ministry of Training, Colleges and Universities.

The Graduate Employment and Satisfaction Survey was conducted via telephone interviews with graduates, six months following successful completion of their eligible certificate or diploma program. All Ontario Colleges of Applied Arts and Technology followed this procedure.

The information was collected directly from each graduate following the guidelines of the Freedom of Information and Protection of Privacy Act.
