YEAR 1   RESPIRATORY THERAPY
PROGRAM REQUIREMENTS

Students in the Respiratory Therapy Program are responsible for all costs associated with the items below.

Keep ALL original documentation in a safe place that you can easily access after presenting it for verification.

ITEM	PERTINENT DETAILS	REQUIREMENT / SUBMISSION DETAILS	DUE DATE
Medical Requirement Form	Assessments and immunizations can take up to two months to complete. Start the process early – as you have accepted your position in the program. Access the forms via the live link under ADMISSIONS tab or PLACEMENT tab on the Respiratory Therapy Program web page: http://www.stclaircollege.ca/programs/postsec/respiratory_therapy/ – look for "HEALTH REQUIREMENTS" to find the Medical Requirements Form.	All students must upload their completed forms to SIS under the tab "Upload Medical Documents". You must fill out the Medical Consent Form as well as the Health History Questionnaire on SIS as well. After documents are reviewed and accepted, students will be issued a "Passport to Health" (PPTH) which you can print off from SIS. Students are required to remain up to date with all immunizations & medical requirements throughout the program – keep all documentation.	Nov 30, 2023– Verification of PPTH must be complete by this date. Program Coordinator will see this within the college's computer system.
Laboratory Requirements – Students are expected to be compliant with all the following to enter the lab work-space.			
Scrubs	Royal Blue scrubs must be worn in lab. • Available in bookstore, program embroidery on sleeve. • Women's Top $24 + tax • Women's Pant $22 + tax • Men's set $46 + tax	Students must wear scrubs to all classes & activities in the lab.	Sept 13, 2023
Footwear	Appropriate footwear must be worn in lab. • Running or nursing shoes etc. • No "clogs", open heals, moccasins	No exceptions per Health and Safety regulations.	Sept 13, 2023
Stethoscope	Students must bring a stethoscope to all lab classes. • Littman Classic III is recommended, but any similar device is acceptable.		Sept 13, 2023
Laboratory Textbook	Lab textbook must be brought to all lab classes. • "Basic Clinical Lab Competencies for Respiratory Care"; author - White; published by Cengage Learning.	Textbook can be purchased through campus Bookstore and will be used in all 4 semesters of lab classes. Textbook is required to be brought to all lab classes.	Sept 13, 2023

Student Lab Kit	During semester one, students will be given a Student Lab Kit.	Once issued, students are required to bring their lab kit to all laboratory classes throughout the program.	Will be issued by lab professor
Physical Demands Analysis	Students are required to access and read the document via Respiratory Therapy Program webpage. http://www.stclaircollege.ca/programs/postsec/respiratory_therapy/	Physical Demands Analysis provides an excellent overview of the level of physical activity that will be experienced by the student on clinical placement.	<mark>Sept 13, 2023</mark>
First Aid and CPR	Students must obtain certification in both Standard First Aid & BLS CPR from a WSIB-approved agency (HSFC Guidelines) CANNOT be a 100% online course. • This will have a 1-year expiration	Students will upload their certification into SIS for approval.	<mark>Nov 30, 2023</mark> **Verification of First Aid, BLS CPR will be visible within SIS.**
		All students are required to remain up to date with Standard First Aid & BLS CPR throughout the program. Expired status will result in unmet program requirements needed for graduation.
