### **1. CONFIDENTIALITY AND PRIVACY**

The Financial Aid Office has an obligation to protect the student's right to privacy and to make judicious use of student data and academic information in its possession as required by the Freedom of Information and Protection of Privacy Act, R.R.O. 1990, Province of Ontario (FIPPA).

The Financial Aid Office is responsible for and accountable for maintaining the confidentiality and privacy of all records containing personal or confidential information and for compliance with this policy when working with and having access to confidential records and personal information.

The Financial Aid Office will use organizational processes and security protocols to ensure the integrity, privacy, and confidentiality of the information in its records. The Administrator of the department shall be responsible and accountable for the implementation and operation of processes and protocols that ensure the confidentiality of the records and information, and the privacy of the individuals. Specifically, but not exhaustively, responsibility for the privacy and confidentiality of student and financial aid records rests with the Associate Registrar.

The Financial Aid Office will regard each student record as a unique and private document, maintained in a secure, controlled environment. All on-line or web accessible student information will reside on secure College owned and operated servers or on approved external third party operated servers, and be readily accessible to College employees responsible to the administration of such information.

Data held in student records, established and held by the Financial Aid Office, are subject to the principles of confidentiality of this policy. Financial Aid records are maintained live for two years following the student's last academic year, after which a permanent record is maintained by the Ministry of Colleges and Universities – Records Management Department.

## **2. STUDENT ACCESS TO INFORMATION**

Normally, no information will be released to external third parties without written student authorization. This includes requests from parents, social services, police agencies, credit bureaus, finance & loan companies, private investigation agencies, banks and similar organizations.

Documents from other institutions, such as high school or post-secondary transcripts which are submitted to support a student's application, will remain part of the student's OSAP file.

A student, upon written request and verification of identification, shall:

- a. Be given access to his own file,
- b. Be able to release all or part of the file to a third-party OR
- c. Be able to request that the file be held with no release allowed.

A student may have access to his own file but may not alter or remove any of the contents. Copies of their OSAP information or file can be given to the student with proper verification of identification.

Where an individual is granted access to his own file and disagrees with the content of the record or file, he may, in writing, request the correction of the information or require that a statement of disagreement be attached to the information where correction is refused. Any statement of disagreement will then be considered part of the file.

The College may hold back the release of a student's record, to the student or third-party, if there are debts outstanding to the College.
