

**ST. CLAIR**  

---

**C O L L E G E**

**Dear Successful Applicant: CONGRATULATIONS!!!**

It is with great pleasure that we welcome you to the **Advanced Medical Esthetics Practitioner Program**.

We invite you to join us for an information-filled Program Orientation, that will apprise you of what to expect in the upcoming year within Medical Esthetics. Information regarding Student Orientation is posted on our website.

**Please note, prior to your first week of class, you will be required to purchase the textbook, and uniforms, which are both available at the SCC bookstore.**

**Textbook:** Milady Advanced Esthetics

**Uniforms:** Students are required to wear the H912 Medical Esthetics program purple scrubs and soft-soled shoes (i.e., running shoes) in labs, as part of our workplace safety protocols. No open-toe shoes, crocs, boots, flip flops, flats, or heels. It is highly recommended that you have at least 2 sets, as you will be wearing them daily. (Over and above the Program uniforms, you can purchase additional plain purple scrubs that match the same color as the program scrubs.)

**Kit:** You will receive a kit that includes the essential supplies and equipment needed for your practical applications. You will receive your kit within the first 2 weeks of class and some items second semester.

The program and courses will be explained in more detail during Orientation, as well as during each of the first scheduled classes/labs. Please feel free to contact the Program Coordinator, Danielle Rice directly via email if you have any questions or concerns, at [drice@stclaircollege.ca](mailto:drice@stclaircollege.ca). We look forward to meeting you in September and working with you this upcoming 2025-2026 school year.

Sincerely,

*The Advanced Medical Esthetics Practitioner Program team*
