3. New Business

A) President's Report – Pat Hallahan

Health Benefits – The two unions are working on this issue, as is the Ontario College Retirees' Association (OCRA). We had a Clarica Representative speak to retirees but there has been no follow-up. Sun Life compares favourably to other plans but it is expensive and is geared towards full time employees. We will continue to study the issue. The next newsletter will have the CARP (Canadian Association of Retired Persons) plan in it.

Con Ed fees – the Aqua fitness is \$10 but most general interest courses that retirees would like to take are not on the \$10 list. We will continue to work on this problem.

Art Collection – is completed and now on a CD. We would like to remove the collection that is in storage and get it on the walls of the college.

Education Committee – We would like to offer seminars and mini courses for our retirees on topics such as tax tips, travel insurance, Excel etc.

Memorial Plaques – The College is redoing the wall of plaques for a consistent look, which will include our memorial plaque.

Sun Life Demutualization – no information

Board of Governors – there is a summary of meetings in the newsletters

B) Past President's Report – Bill Totten

Archives Project – has been revived with a small group working on it. Bill moved that up to \$500 be allocated in 2004 for the Archives Project for seed money and supplies. Pearl Roberts and Marilyn Keemer. Passed

OCRA – Bill is the Vice President. Benefits are high on the priority list, as is recognition from our Pension Board. Our college is becoming the model for college retiree associations and Bill has traveled to Humber, Durham and St. Lawrence to talk to them about setting up retiree associations.

35<sup>th</sup> Anniversary Publication – will be in the National Library, Canadiana division.

OCRA Annual Meeting – is June 12 at Humber College

Bylaw Revisions – mainly housekeeping changes. Bill moved adoption of the changes. Pearl Roberts and Andrea Main. Passed

Heather has sent out 28 cards so far this year, 61 in the second year and 64 in the third year.

D) Membership – Anita Blair

We have 350 members. Anita also collects for OCRA and emails the information to the OCRA secretary.

Winter Trip – Our trip to the Dominican Republic last Jan was a huge success. A trip to Cuba is being planned for next year. We have developed criteria and will be approaching travel agents in early fall.

In every issue there is a President's Report, a list of new retirees and an In Memoriam section. Brian Agar posts the newsletter on our website.

A Performing Arts program is starting in Chatham next Sept and a Club House Management program in one year.
