7.1.1 **Introduction**

The College is committed to the provision of high quality education and training, and seeks to ensure an environment of academic integrity in both the learning and evaluation processes taking place at the College. It is also committed to the establishment of an atmosphere of respect and appreciation for the rights and responsibilities of all those associated with the College.

The Code of Student Rights and Responsibilities (the Code) reflects the College’s intention, not only to respect the rights of students, but also to require students to respect the rights of others and to observe College rules and regulations essential to the orderly operation of the College and the classroom. This includes compliance with all health and safety policies, procedures and protocols.

The Code of Student Rights and Responsibilities is intended to act as a guideline for students, staff, faculty, administrators, and the Board of Governors. It is not intended to be a legal contract between the students and the College, and it cannot override any collective agreement or other legally enforceable contract where there is a conflict. In the event of any procedures conflicting with the policies of the Board of Governors, the policies would prevail. These rights and responsibilities apply to all students engaging in educational pursuits offered by the College. From time to time, the College may make changes to the list of rights/privileges, at which point the document will be taken through the normal approval procedure.

**Every student of the College is expected to review and make him/herself familiar with the matters addressed in this Code. In addition, every student is responsible for reviewing various other policies and procedures relating to his/her enrolment at the College which can be found on the College's website. A list of such policies and procedures is contained in the Appendices to this Code. Every student is expected to adhere to these policies and to encourage other students to do the same.**

### 7.1.5.4 Non-Academic Misconduct: Complaint Process Introduction

**Note:** Matters pertaining to the Sexual Assault and Sexual Violence Policy and Protocol will follow the general parameters of the complaint process. However, the College Resolution Officer and/or the College may exercise discretion. Any exercised discretion will be documented.

Any member of the College community who believes that there has been a contravention of this Code may file a complaint against any other member of the College community alleging an offence against the Code.

Any student who perceives that a right or privilege under this Code has been infringed or that he/she has been unjustly treated regarding the application of a College policy or procedure, or regarding the action of a College employee, may file a complaint. Without limiting the generality of the foregoing, any such complaint may involve harassment or discrimination contrary to the College's Respectful Work and Educational Place Policy, or any other misconduct or inappropriate behaviour contrary to this policy or any other College policy by any member of the College community.

Provided, however, in any case where a security report is generated, the College may initiate immediate action under the Code of Student Rights and Responsibilities, notwithstanding that no formal complaint has been made.

**Note:** Concerns or complaints relating to the quality of the learning environment, including issues regarding quality of instruction, physical facilities, other learning resources, or student services should be brought forward under the process set out in the College's *Quality Learning Environment Policy*.

Complaints of misconduct, incompetence, discrimination, or other inappropriate behaviour on the part of College employees will be dealt with in accordance with applicable laws, College Policies and Procedures, and the principles of progressive discipline under current collective agreements and/or other legally enforceable contracts, and will not be subject to appeal by the complainant.

**Attempt to resolve complaint:** Any student or other member who has a complaint should first attempt to resolve the complaint with the individual involved on an informal basis within fifteen (15) days of the incident. In cases where the student is uncomfortable addressing the issue directly with the individual, he/she may have another member of the College community accompany him/her. In more serious cases, the student may attempt to resolve the issue informally through the individual’s immediate Supervisor.

The complaint process is overseen by College staff, none of whom are legal experts. Care has been taken to build into the Code elements of natural justice while providing for the relatively speedy and effective resolution of complaints. Provision is made for appeals of decisions made.

While the College reserves the right to impose penalties it deems necessary in cases of misconduct, a student has the right to be heard by the decision-maker before any final decision affecting the student is made. If disciplinary action is being considered against a student, the student shall be provided with full particulars of the alleged offence and any relevant documents so as to enable the student to fully answer.

to any allegations of misconduct. The student will further be advised of where and when to present his/her side of the matter.

At any meeting, a student may be accompanied by another student or member of the college community as support.

The role of the support person is to act as a resource and to provide support or advice to the student. The support person is not to speak or advocate on behalf of the student.

Students and witnesses are expected to keep information discussed confidential except where otherwise required by law to disclose any such information. Breaches of confidentiality may result in disciplinary action.

Although punitive measures may be taken, efforts will be made to provide for penalties that are educative and developmental in nature.

7.1.5.5 Complaint Process

1. A Conduct Complaint Form is available at the Registrar’s Office, Security Desk, Learning Commons/Counsellors’ Offices, and Student Government Offices.

   Note: A security report involving alleged misconduct may initiate the application of the Code of Student Rights and Responsibilities. In this case, the security report replaces the Conduct Complaint Form and the College maintains the role of the “Complainant”.

2. Three Month Time Limitation: All complaints must be initiated within three months of the completion of the semester in which the incident occurred. In extenuating circumstances a complaint filed beyond the three month limitation may be considered at the sole discretion of the College.

3. The College Resolution Officer (or, in the case of Disruption of Instructional Activity, the Chair/Dean) will contact the complainant to acknowledge receipt of the complaint within one (1) business day where such complaint raises an issue of health and/or safety or within three (3) days in any other case.

4. Unless the College Resolution Officer (or Chair/Dean) determines that the complaint can be resolved to the satisfaction of the complainant without notice to the person against whom the complaint has been made (the respondent), the College Resolution Officer will promptly advise such respondent of the complaint, providing all necessary particulars to enable him or her to fully respond to the complainant.

5. The College Resolution Officer (or Chair/Dean) will further advise the respondent of the time period in which the respondent’s written Response Form shall be provided.

   Note: Where the safety or well-being of the complainant is believed to be at risk if their identity is disclosed, the College will, at its discretion, keep such identifying information confidential.

6. The College Resolution Officer (or Chair/Dean) shall whenever possible commence an investigation within five (5) days of receipt of the complaint, which investigation may include
interviews with the complainant, the respondent and witnesses and a review of any documentary evidence. Both the complainant and respondent will be given an opportunity to state their respective cases with regard to the complaint. The College Resolution Officer (or Chair/Dean) will conclude such investigation as expeditiously as possible. Every attempt will be made to resolve the complaint at this level.

Note: During an examination period, the College Resolution Officer may delay the process in accordance to their discretion.

At the conclusion of the investigation, the College Resolution Officer (or Chair/Dean) may:

a) Dismiss the complaint; OR

b) Issue a penalty within the College Resolution Officer’s (or Chair’s/Dean's) jurisdiction as provided in the Code; OR

c) Refer the matter (including a copy of the investigation report and recommendations) to a Senior Administrator.

d) In cases involving College staff, the College Resolution Officer will forward the investigation report to the Vice President, Human Resources, Safety and Facilities Management. The Vice President, will be responsible for any follow up action(s) if required.

7. The College Resolution Officer or his/her designate shall notify all parties of the disposition of the complaint, in writing, within three (3) days of the completion of the investigation.

8. Where a complaint is referred to a Senior Administrator, the Senior Administrator will notify the parties of the disposition of the complaint, in writing, within ten (10) days of receipt of report.

7.1.5.6 Non-Academic Misconduct: Appeals

Appeal Process - Stage One

1. Any complainant or respondent who disagrees with the disposition of his/her complaint at the conclusion of the complaint process, or disagrees with any disciplinary penalty assessed, may appeal the decision, in writing no later than five (5) days from the time the complainant and/or respondent were notified of the decision.

2. The appellant shall complete a Complaint Appeal Form and forward it to the Registrars’ Office for delivery to the Executive Director, Program and Degree Accountability.

3. The Executive Director, Program and Degree Accountability shall acknowledge receipt of Complaint Appeal Form within three (3) days and commence investigation of the appeal within five (5) days of acknowledgement. The Executive Director, Program and Degree Accountability shall respond to the appellant in writing on p. 2 of the Complaint Appeal Form, including reasons for the appeal decision, as soon as practical. The response will also include instructions for further appeal to Stage Two of the Appeal Process if the appellant is dissatisfied with the response.
4. If the appellant is dissatisfied with the appeal decision, he/she may, within five (5) days of the receipt of such appeal decision, submit to Senior Administration via the Registrars’ Office, the Complaint Appeal Form with Stage One appeal decision and Appellant's Request for Stage Two Mediation/Conduct Appeal Hearing completed at p. 2 of the Complaint Appeal Form.

**Appeal Process - Stage Two**

1. Upon receipt of the Complaint Appeal Form completed at Stage One, Senior Administrator shall appoint a mediator, if the parties agree to participate in mediation, with such mediation to take place within five (5) days of the appointment of the mediator.

   If mediation is rejected or if mediation is not an option, the Senior Administrator shall convene within a further period of ten (10) days a Conduct Appeal Committee, which shall meet within ten (10) days of its appointment and receipt of the Appeal Form. The Terms of Reference for the Conduct Appeal Committee are attached in the Appendices. The Conduct Appeal Committee must exclude the original decision-maker and the 1st Appeal decision-maker.

2. The Conduct Appeal Committee will convene a hearing within five (5) days of the establishment of the Committee. Provided, however, the Chair may extend the time for the convening of the hearing in such circumstances as he/she deems appropriate. The Chair of the Committee will provide the President with the Committee’s recommendation(s) in writing within two (2) days after the conclusion of the hearing.

**Appeal Process - Stage Three**

1. The President will review the recommendation(s) of the Committee and will make a final judgment on the appeal. The decision of the President shall be final and there shall be no further appeal within College policies and procedures.

2. The President will notify the appellant, of the decision with reasons and in writing, within five (5) days of the receipt of the Conduct Appeal Committee’s recommendation(s).

3. The notification will include a statement to the effect that the decision is final and there is no further appeal within College policies and procedures.

7.1.6. **Academic Misconduct: Offences, Penalties, Point of Contact Warning, Integrity Workshops, Complaints and Appeals**

Academic misconduct is an act which may result in a false evaluation of the student’s academic standing, or which represents an attempt to unfairly gain an academic advantage, where the person knew or ought reasonably to have known that it was misconduct.

Whether or not a student intended to commit academic misconduct is not relevant for a finding of academic misconduct. Students are responsible for verifying the academic integrity of their work before submitting it.

7.1.6.1 **Academic Misconduct: Offences**

Academic misconduct includes, but is not limited to, the following:
1. **Plagiarism**: the act of copying, reproducing or paraphrasing, in whole or in part, someone else’s published or unpublished material (from any source, including the Internet) and representing these works or ideas as one’s own. Plagiarism applies to all forms of work presented or submitted for academic evaluation including, but not limited to, any written work, computer programming, music, drawings, designs, dance, photography, and other artistic and technical works.

2. **Cheating (Unauthorized External Assistance)**: receiving external assistance in relation to an examination, assignment, or any other academic exercise for credit, unless expressly permitted by the instructor. Cheating includes, but is not limited to:
   
   a. Communicating with any person during an examination other than an authorized member (i.e. invigilator, proctor);
   
   b. Putting one’s name on another student’s examination or assignment;
   
   c. Unauthorized use or possession of cell phones, cameras, text messages, audio recorders, electronic data, calculators, solution materials, photocopies, materials from previous classes, commercial research services, notes or any other means to copy or photograph materials used or intended for academic evaluation;
   
   d. Improperly obtaining (through theft, bribery, collusion or other means) information in relation to materials/examinations intended for use in academic evaluation;
   
   e. Distributing or using improperly obtained information in relation to materials/examinations intended for use in academic evaluation in advance of its authorized availability to students.

3. **Unauthorized Collaboration**: working with others on graded coursework assigned for individual evaluation, including in-class and take-home examinations or assignments, unless expressly permitted by the instructor. Unauthorized collaboration includes, but is not limited to:
   
   a. The preparation and production of work between two or more students ultimately submitted by each in an identical or substantially similar form and/or is represented by each to be the product of his or her individual efforts;
   
   b. Co-operation between student and another person in the preparation and production of work, which is presented as the student’s own.

4. **Misappropriation of Own Work**: submitting the same work, or a significant part thereof, which was submitted elsewhere or previously in another course or the same course (when repeating a course), unless permission is received in advance from the instructor; or submitting the same work, or a significant part thereof, for two or more courses taken at the same time without the written permission, in advance, of all associated instructors. Misappropriation of own work is not limited to work done in relation to courses at College and applies to student’s work previously submitted or concurrently submitted for academic credit at any educational institution.

5. **Falsifying Information**: misrepresenting or falsifying information for inclusion in any course work submitted for credit, or misrepresenting or falsifying information used to obtain advantage in academic standing. This includes, but is not limited to:
a. Inventing or altering data from a laboratory or field project;

b. Creating fictional citations for a paper;

c. Falsifying, misrepresenting or forging information relating to hours or activities in relation to an internship, externship, field experience, co-op placement, clinical activity or similar activity;

d. Falsifying, misrepresenting or forging an academic record;

e. Falsifying, misrepresenting or forging a supporting document or information in relation to academic standing, including but not limited to any information used in support of admission into the course or program, pre-requisite requirements, prior learning assessments or academic standing;

f. Falsifying, misrepresenting or forging documents used in support of a request for accommodation/consideration on the basis of medical, religious or compassionate grounds;

g. Altering previously graded work for purpose of seeking re-evaluation of grade or in support of a grade appeal.

6. **Attempting to Influence:** attempting to influence or change any academic evaluation, assignment or academic record for reasons having no relevance to academic achievement. This includes, but is not limited to, bribery and threats.

7. **Impersonation:** acting or attempting to act as a substitute for another (whether in person or electronically), or using or attempting to use a substitute (whether in person or electronically), in an academic evaluation or assignment.

8. **Facilitating Academic Misconduct:** facilitating any of the above-listed forms of academic misconduct.

9. **Disruption of Instructional Activities.** No student or member of the College community shall exhibit behaviours/actions that interfere with others’ fundamental right to learn in classes, laboratories, clinical settings, field placements, seminars, tutorials, group meetings, or other related activities, including examinations and tests. Complaints of this nature are to be submitted to the Chair/Dean of the student’s program.

### 7.1.6.2 Academic Misconduct: Penalties

While the College reserves the right to impose penalties it deems necessary in cases of misconduct, a student has the right to be heard by the decision-maker before any final decision affecting the student is made. If disciplinary action is being considered against a student, the student shall be provided with full particulars of the alleged offence and any relevant documents so as to enable the student to fully answer to any allegations of misconduct. The student will further be advised of where and when to present his/her side of the matter.

A record of any penalty, or other documentation that has been issued, as a result of Academic Misconduct by a student may form part of the student’s record.

Although punitive measures may be taken, efforts will be made to provide for penalties that are
educative and developmental in nature.

**Academic Penalties:** faculty may impose an academic penalty following the determination of academic misconduct in relation to the submission/evaluation of course-related work. Academic Penalties may include:

1. **Official Warning.** A notice to the student, orally or in writing, that the student has violated or allegedly violated a specific section of the Code and that continuation or repetition of such violation will be cause for further disciplinary action.

2. **Resubmission of Assignment.** This involves either the same or an alternate assignment, with the grade assigned at the discretion of the faculty member;

3. **Mark Penalty.** A deduction of mark on the course evaluation requirement or admission test, up to and including a zero “0” on the assignment with no opportunity to resubmit the coursework requirement.

4. **Grade Penalty.** Grade deduction (drop in grade point) of the final grade in the course.

5. **Failing Grade.** Registration of an “F” grade in the course.

**Administrative Penalties for Academic Misconduct:** Faculty members are required to report academic misconduct to their Departmental Supervisor (Chair/Dean). In addition to any academic penalty, Chairs/Deans, Departmental Supervisors and Senior Administrators may take disciplinary action for violation of the Code. Administrators/Supervisors may impose a Grade Penalty or a Failing Grade Penalty as well as the other Administrative Penalties for Academic Misconduct as set out below:

6. **Interim Suspension.** This involves the suspension from the College for a stated period of no more than the end of the current semester in which the student is enrolled. This penalty will only be issued by the Chair/Dean or their Supervisor(s) on the recommendation of the Program Chair/Dean and the staff member involved in investigating the violation of the Code.

7. **Revocation/Withholding a College Credential and/or Academic Credit.** A penalty may be invoked when a College credential and/or academic credit has been improperly obtained.

8. **Full Suspension.** This involves suspension from the College and/or classes/labs or instruction, and other specified privileges or activities for a definite period of time not to exceed one year.

9. **Dismissal from the College.** For not less than one full academic year may result from egregious circumstances of academic misconduct, repeated violations or other aggravating factors in relation to Academic Misconduct. Dismissal may only be issued by the Chair/Dean/Principal or their Supervisor(s).

7.1.6.3 **Academic Misconduct: Point of Contact Warning**
A point of contact warning can be issued for an academic misconduct incident deemed sufficiently minor that no associated penalty will be assigned to the student. The determination of a point of contact warning is made by the faculty and Departmental Chair associated with the course in which the academic misconduct occurred. Point of contact warnings are used in cases of minor plagiarism in which there is confidence that a lack of writing experience and knowledge may have contributed to the misconduct and where there is confidence that corrective action by the faculty member is a sufficient remedy for the incident. All other forms of academic dishonesty are considered egregious enough to require a formal penalty. Point of contact warnings cannot be assigned in combination with any academic penalties, including grade reductions. Point of contact warnings are recorded and may form part of the student’s record.

7.1.6.4 Academic Misconduct: Integrity Workshops

Workshops are one form of corrective action that may be imposed in a point of contact warning (see 7.1.6.3). In cases of academic misconduct, the faculty member in consultation with the departmental Chair can require the offending student to attend and participate in an integrity workshop. The workshop is considered a gesture of restorative justice rather than a penalty. The workshop may be appropriate in cases where there are mitigating factors such as first-offence instances. Confirmation of student’s participation in the workshop shall be verified and recorded and may be a condition for continued student status at the College. Failure of a student to complete an imposed workshop may result in further academic or administrative penalties. The requirement to attend a workshop may be assessed in response to a point of contact warning or in addition to an assigned academic penalty that may have been imposed.

7.1.6.2 Academic Misconduct: Complaint Process Introduction

While most academic misconduct is related to a specific course, members of the College Community such as the Registrar, faculty, other than those teaching a specific course, invigilators, students and staff, may suspect that academic misconduct has occurred. They should report their concern to the most appropriate Chair/Dean.

7.1.6.1 Academic Misconduct: Complaint Process

1. **Notification:** When a faculty member (or Invigilator) suspects academic misconduct, he/she (or his/her Supervisor) will notify the student of the specific alleged infraction(s) as soon as practical.

2. **Opportunity to Respond:** Within ten (10) days of notification, the faculty member (or appropriate Supervisor) should discuss the situation with the student, inform the student of the academic and/or disciplinary sanction(s), give the student a full opportunity to respond to the allegation(s) during that meeting, and, if the faculty member still wishes to proceed with the complaint(s), advise the student of his/her decision to assign an academic penalty and shall complete a Conduct Complaint Form, providing details of the complaint investigation and disposition of the complaint. Failure by the student to attend a meeting with the faculty member (or Supervisor/Chair/Dean) to address the allegation(s) may result in an academic penalty being issued.

3. **Right to Drop Course Suspended:** A student who is the subject of a complaint process for Academic Misconduct is prohibited from dropping the course before the matter is resolved. If
the complaint is dropped, any right by the student to drop the course continues. If there is a finding of Academic Misconduct, the student loses the right to drop the course. A drop from the course after this point may be reversed.

4. The faculty member (Invigilator, Supervisor, or Chair/Dean) may recommend an administrative penalty in addition to an academic penalty.

5. A Chair/Dean or Supervisor who receives a Conduct Complaint Form in relation to Academic Misconduct will review the information, along with any other relevant information, including any record of prior offences. The Chair/Dean may:

   a. Decide no further action is warranted; or

   b. With or without such recommendation, notify the student that the matter is being reviewed for disciplinary action for violation of the Code (beyond the Academic Penalty assigned by the faculty member). The student should have the opportunity to address this matter within ten (10) days of receipt of notification. The Chair/Dean or Supervisor may, after opportunity has been provided to the student to address the issue (or upon failure of the student to attend such meeting), take no further action or impose a penalty for Academic Misconduct as set out in the Code; or

   c. Refer the matter to the appropriate Senior Administrator with a recommendation of Dismissal.

6. Subject to any appeal, the academic and/or administrative penalty will be applied.

7.1.6.5 Academic Misconduct: Appeals

The purpose of this appeal process is to provide students with access to a respectful, thorough, judicious, impartial and timely review of an imposed academic or administrative penalty.

St. Clair College and its faculty are committed to quality academic decision-making and to ensuring that the decision to impose an academic or administrative penalty is based on appropriate considerations. Academic decisions should be based on impartially assessed evidence and these decisions must be free of bias, prejudice, unfairness or other inappropriate personal influences.

The appeal process for Academic Misconduct is as follows:

**Appeal Process**

1. Upon issuing an academic or administrative penalty, a Notice of Academic Penalty will be sent to the offending student’s College email account. The issuance of the Notice of Academic Penalty shall constitute notification.

2. Any student issued an academic or administrative penalty may appeal the penalty within ten (10) days from the time of notification.

3. The appellant shall complete a Notice of Appeal of Academic Penalty Form and forward it to the Centre for Academic Excellence. The form shall be received by the Centre for Academic Excellence within ten (10) days of the issuance of the Notice of Academic
4. Upon receipt of the Notice of Academic Penalty, a Senior Administrator will convene an Academic Conduct Appeal Committee within five (5) days. The Terms of Reference for the Academic Conduct Appeal Committee are attached in the Appendices.

5. The Academic Conduct Appeal Committee will convene a hearing within five (5) days of the establishment of the Committee. However, the Chair may extend the time for the convening of the hearing in such circumstances as he/she deems appropriate. The Chair of the Committee will provide the Senior Administrator with the Committee’s decision in writing within two (2) days after the conclusion of the hearing.

6. The Senior Administrator will notify the appellant of the decision with reasons, in writing, within five (5) days of the receipt of the Academic Conduct Appeal Committee’s decision.

The notification will include a statement to the effect that the decision is final and there is no further appeal within College policies and procedures.
